Re: UCSF PRA 01072

Dear Mr. Friscia:

I write to inform you that the search conducted pursuant to your California Public Records Act (CPRA) request received on July 15, 2010, is complete. You requested "the 1975 designation for an open space reserve for Mt. Sutro, the Long Range Development Plan (LRDP) in the October 1975 agreement, and the Environmental Impact Report (EIR) related to the LRDP." The search conducted identified 357 pages responsive to your request that are neither privileged nor exempt from release under the CPRA.

In accordance with the CPRA, copies of responsive records are attached.

Sincerely,

Brenda Gee DePeralta
Communications Coordinator
